**U.S. Department of Energy (DOE)**

**Regarding External Power Supply Restrictions (Regulation, Highly Important)**

According to the 「**External Power Supply Restrictions in U.S. (Regulation)**」 which will be enforced in the United States from 10<sup>th</sup> February 2016, exportation of the Sentech AC adapters to U.S. will be prohibited from 10<sup>th</sup> February 2016. Due to the export prohibitions, UL mark will be also deleted. It becomes a measure to prevent misleading our users although UL safety standard is still valid.

▪ Summary

**「External Power Supply Restrictions in U.S. (Regulation)」**

- ① Enforcement Date: 10<sup>th</sup> Feb 2016
- ② Corresponding Country : United States of America
- ③ This regulation is about the external power supply device efficiency. Mainly, the changes include the increase of average operating mode efficiency standard, and the reduction of the maximum power consumption standard at no-load mode.
